This is <NCS CALL SIGN>

9:00 p.m.

This is <NCS CALL SIGN>, my name is _____ and this is the Guilford County Amateur Radio Emergency Service information net. This net meets every Thursday night on the 145.150 MHz W4GSO repeater through the courtesy of the Greensboro Amateur Radio Association. In the event of a repeater failure we will meet on the W4GG repeater which has a frequency of 145.250 MHz, negative offset, and with an 88.5 Hz tone.

The Guilford County ARES Net is a directed net, and all stations are welcome and encouraged to participate. This Net meets for the purpose of operator training, handling traffic, and conducting Guilford County ARES business. You do not have to be a member of Guilford County ARES nor a resident of this county to check-in.

Would the Guilford County ARES EC or representative check in now please call net control?

If there are any stations with NTS or Priority Traffic for the net, please call net control.

This is <NCS CALL SIGN> as net control for the Guilford County ARES Information Net we will now call for check-ins.

Net control will now take EchoLink stations first. Are there any EchoLink stations wishing to check in? Please call net control and give your call sign and your name

Net control will now take mobile and fixed stations. All stations wishing to check in unkey to make sure you are not doubling then give your call using standard phonetics, your name, and location.

Stations with suffixes Alpha through Golf please call net control.
