Guilford County ARES Information Net Script

5 Min. prior to the net – Please stand by for the Guilford County ARES net in approximately 5minutes... (And ID.)

At 9:00 p.m. -

This is <NAME and YOUR CALLSIGN> calling the Guilford County Amateur Radio Emergency Service information net. This net meets every Thursday night on the 145.150 MHz W4GSO repeater through the courtesy of the Greensboro Amateur Radio Association. The Guilford County ARES Net is a directed net, and all stations are welcome and encouraged to participate.

This Net meets for the purpose of operator training, handling traffic, and conducting Guilford County ARES business. You do not have to be a member of Guilford County ARES or a resident of this county to check in regardless of locations.

Would the Guilford County ARES EC or representative check in now, please call net control.

If there are any stations with NTS or Priority Traffic for the net, please call net control.

Until further notice ARES will be taking as many check-ins as possible on simplex 147.555. This project is designed to exercise ARES and all operators in simplex operation.

In just a moment we will be moving to 147.555. You will be asked to give the standard net protocol for check-ins, avoid doubling, give your call sign, name and location. Net control will also ask for one additional response. If you are located at your license address of record please mention that you are at your address of record during the check-in.

Please join me on 147.555 and after obtaining as many check-ins as possible we will move back to this repeater to complete any needed check-ins and the net.

This is <YOUR CALLSIGN> Net control moving to 147.555

<<<Move to 147.555>>>

This is <YOUR CALLSIGN> as net control for the Guilford County ARES Information Net. We will now call for check-ins. Please call net control, unkey to make sure you are not doubling, and then give your call, your name and location and if you are at your license address of record please mention that you are as you check-in. Stations that have checked in that can hear others, please stand by as a possible relay station.

Please call net control....

Are there any relays?

All stations, Alpha through Zulu
Please call now

Are there any relays?

At this time the net will move back to the W4GSO repeater. Please meet me on 145. 150. This is <YOUR CALLSIGN> Net Control.

<<<<Back to the repeater....>>>>

This is <YOUR CALLSIGN> as net control for the Guilford County ARES Information Net. We will now call any additional check-ins who were not checked in on simplex. Using the first letter of the suffix of your call sign, please call net control, unkey to make sure you are not doubling, and then give your call, your name and location.

All stations, Alpha through Zulu - Please call now

Are there any announcements from the Guilford County ARES Emergency Coordinator?

Are there other station announcements or NTS Traffic?

To learn more about Guilford County ARES you are welcome to visit a meeting and the Guilford County ARES website. Guilford County ARES

meets at 7:00 p.m. on the first Monday of each month at the Emergency Service building. The Guilford County EMS building is located at 1002 Meadowood St. Greensboro, NC 27409. You can find information about Guilford County ARES activities and information by visiting the web site at www.guilfordares.org

Are there any additional check-ins? Please call net control.

This is <YOUR CALLSIGN> closing this week's session of the Guilford County ARES Information Net. We would like to thank the trustees and owner of W4GSO for the use of the repeater and hope to see you at next month's meeting and also hear you next Thursday at 9:00 for our weekly net. The repeater is now returned to normal operation.
